

From the Desk of :

Rabi-Kohan Shalomim Y. Halahawi MD(AM), Ph.D, D.Div. ORT, M.A HebEd.

Shalom to all who read this letter friends and foes alike,

I am writing to express a change in plans and implementation of Kohanim and Rabbinical methods of ministry in which I currently occupy.

Although the Almighty Yahwah and the Ruwah Qodesh has blessed me since my youth with a powerful prophetic styled Ministry, which is not exclusive to prophecy (which is really not the essence of prophetic ministry in the first place), I am immediately changing my focus from giving prophetic warnings based on the Word of Yahwah I have received in the Past. I have given and provided enough writings and postings concerning specific things for those interested to read, yet the response to such warning is superiorly poor, or misread and mis-interpreted by the dull-witted, condemned by unlearned people who have the slightest clue on how to judge anything rightly or just looked at and talked about by even the closest of colleagues as if it's a television show or newspaper advertisement, without the intent of buying.

The American culture and way of life has been so heavily imbedded into the intended audience, namely the black Hebrew Israelites(both wanna be Torah only's and Messianics) and African Americans, that the teaching of true and more authentic Hebrew Ways of life and Spirituality from the East are impossible to instill into the slave in peace and with reciprocal respect as long as he lives on the plantation of the American soil with the American mentality and way of life.

With the exception of a few Real Communities (i.e Ben Ammi and Cohen Michael Ben Levi's community in Guyana) I have come to believe that the Black Hebrew Israelite movement in America has been such an insult to the building of the Kingdom of Yahwah and the representation of Yahwah and Ancient Hebrew Truth . It is so shameful , embarrassing and degrading that most would rather listen to ill equipped, non formally trained would be leaders who just woke up one day and stated they received a revelation to be a self-proclaimed Moreh, prophet or started a radio show to promote closed minded historical and spiritual garbage, further damaging the already damaged and meek, than to humble themselves and at least submit to trained, well equipped, anointed leaders who can effectively gather and lead them(and there are a few out there). They rather spend all their money on in-effective conferences and fight each other, insult each other through email, internet or through other modes of communication than invest into their future as a people... Most are full of sickness, diseases and die horrible deaths and gloat in it as a curse of duet 28, which they use to justify and identity themselves as being Israelites(the curse part only)... Most are very ignorant of Hebrew history, what constitutes Israelite (not jewish or Christian) scriptures and writings and knowledge of the practices of everyday Hebrew community culture, customs, marriages etc.... Many of the women are either outspoken, imprinted with rage, insecurity and jealousies or are being oppressed, exploited and abused by their so called husband. Many others are just unchaste and loose and on the tip of being possessed with the Demonic Spirit of Jezebel. A sickness of

dysfunctionalism, Yet Many will Boast and Argue vehemently in their very ignorance and don't mind looking like fools doing it.... Very few reflect a light of Truth that any other Nation or people would dare look to in place of their own culture and spirituality, or for solutions to everyday family, community or National problems.. A great portion of the Black Hebrew Israelites actually should be put on the terrorist list for future intentions if they ever were to build a Nation, as the Hebrew Nation from the current state of mind of the Black Hebrew Israelites, would be an oppressive, barbaric terrorist nation, probably worse than America, Iraq and even the African Darfur crisis.

There are probably more divisive philosophies and groups in black American Hebrewism than the 500 denominations of Christianity. The mentality and actions speak saying, "everyman for himself" or "you are my brother as long as your doctrine is my doctrine."

There are so many negative and destructive stigmas associated with the black Hebrew Israelites in America, as with the word "JEW", that it is virtually harmful using the term or being associated with such a movement while at the same time doing Effective and anointed Hebrew Ministry and reaching out to people and doing works for the well being and uplifting of all peoples to the true Glory and Honor of Yahwah...

As many know, I was born and raised an Israelite, from the Tribe of lewy, yet from an Eastern and more ancient path as with the Israelite people of the East, in whom I identify with more-so than with Black Hebrew Israelite philosophy and Religion, which in truth is a hybrid of European Jewish styled Religion. I did not come into contact with the Black Israelite Movement in America until 1999.

I love my Cultural and Spiritual inheritance as an Eastern Israelite and Son of Abraham, Issaac, Jacob and Levy and would never deny it or trade it in for anything else(including hybrid black hebrew religion) as my primary culture or identity because this is who my Creator Yahwah made me and blessed me to be. And for that I am Free.

As for me being a Kohan and Rabbi, I plan to accomplish everything I was anointed for, but I also plan to change my methods of how to accomplish them. After much prayer and thought and meditating in Yahwahs Word and will, I have decided to let the black Hebrew Israelites be as they are and as they want to be in the mess they are in. I am shifting my focus to Socio-Spiritual Hebrew teachings and focusing on finding solutions to better this world through family, community and holistic building, Inter-faith dialogue, inter-cultural correspondents and relationships and socio-political works. To do this effectively I must further disassociate my Ministry, Businesses and Public dealings from the black Hebrew Israelite movement in America and any other people, organizations or religious associations that promote hate, tyranny and Inter-cultural intolerance and division. I will however deal with certain Hebrew Individuals on a case by case basis as the Ruwah Qodesh allows. But I will not tolerate any low standards and foolishness.

We shall be known as the Edenic Hebrews, Benay Yisrael, Essenes, Netzarim or simply Yisraelite, but never by the combo name of Hebrew Israelite, because of the Stigma, and

if questioned we must make it clear that there is no affiliations with the Black Hebrew Israelite Movement (As I didn't come out of that movement in the 1st place) and that the two are not the same in Spirit.... We will also slowly remove that term from our website articles or writings that we ourselves write. We also seek to find those True Israelites of Spirit and ingraft them into our Works and Kingdom to bring them closer to the Ancient Spiritual Heritage and Cultural practices of our Forefathers who truly worshipped Yahwah

My focus and my efforts will be issues and building outside of America and therefore no investments will be made on American soil for anything, including Local Ministry, except for personal business... Traveling Ministry opportunities will be accepted and performed on a case by case basis... Now should a meek one awake at anytime in America and abroad and desire to submit themselves to Truth and to the Kingdom, we will not reject or forsake them, but will only nurture them if they show a humble and meek spirit and submit themselves as disciples(talmidim) to our Leadership and Governmental Ministry and invest into the vision that Yahwah has for the Ministry as we also invest into them....

So while I will be operating in my prophetic ministry as a Rabi-Kohan, I will not be giving any other warnings or disputing any other doctrines or errors of the Black Hebrew Israelites and of the mess they make/made, unless Yahwah specifically tells me.. What I have said, I have said. What I have done, I have done and what I teach according to Hebrew History, Law, spirituality and Culture, I will teach even more according to the Spirit and the Ancient Eastern Way and I do not apologize to anyone or recant anything because I meant everything I have said and teach and I take my position and calling as a Rabbi and Kohan very seriously.... And will continue to do so...

Some of you will understand, some won't, but I have made my decisions and believe this will enhance my effectiveness as a Kohan internationally and also relieve myself of associations with unnecessary foolishness and madness as it now exists with the Black Hebrew Israelites of America...

May Yahwah bring all who are Sons and Daughters of Light in Spirit together for the Building of the True Edenic Kingdom... a Kingdom without Borders!!!!

Shalom Aliekom, aliekom shalom,
Kohan Shalomim Y. Halahawi
