OFFICE**

Specialized in Healthcare
Facilities Planning & Design

VISION STATEMENT

Comprehensive look into the specialized engineering services in the Kingdom of Saudi Arabia, especially, in healthcare facilities' planning, design and renovation. Eng'r. Khalid Al Fagih Office is aiming to become one of the most specialized firms in healthcare design & consultancy.

MISSION STATEMENT

Eng'r. Khalid Al Fagih Office is committed to provide the best quality of services in healthcare sector such as planning, design operational policies & procedures, and training through its knowledge and expertise. Our goal is to enhance the healthcare amenities, that lead to the best customer satisfaction of our clients.

PLANNING

Most of the medical buildings especially hospital needs preplanning before the design stage. This depends on type of hospital capacity and location.

The successful design will begin with efficient planning.

Our office will provide you with comprehensive study and planning in order to achieve the best design and construction.

PREPLANNING _____

SUCCESSFUL DESIGN _____

COMPREHENSIVE STUDY _____

DESIGN & INTERIOR DESIGN

Healthcare facilities design is the speciality of the office.

With our vast experience in the field we offer you best design with updated criteria and standards. Patient's comfort depends on the surroundings, design, materials and finishes of the space he visits.

Our office provides state-of-the-art interior design which suits for you facility and comfort to the visitors.

UPGRADE

Many of the successfully running hospital in the field requires either renovation, upgrading or expansions in order to be competent to meet the demand and the challenges ahead.

This kind of changes needs in depth analysis, with the related technical services.

Our office has the experience to deal with these kinds of upgrading.

EVALUATION

Our office undertakes the following stages of healthcare building evaluation:

- 1- Design Stage
- 2- Construction Stage
- 3- Post Construction Stage
- 4- Aged Hospital Evaluation

OPERATIONAL PROCEDURES

Let us support and guide you, in creating and implementing policies and procedures which is most important to carry on the day by day business and is required to maintain the facility safe, neat and efficient all the time.

Our office offers you the following programs:

- A-** Safety Management Program
- B-** Maintenance Management Program
