

# What's new with us?

## Alexandra is 2 years old

I love to run and scream and grab toys from Jaron. I like hot chocolate and toast for breakfast even though it is very messy. Sometimes I get up at 2 am and ask for it, but Mom just reminds me that it still bedtime. I love to wear my snow pants and boots and play outside when its not too chilly. I like to watch my new Ukrainian animals video and play Giggles (Jumpstart Toddlers) on the computer. Its also pretty fun to brush my teeth and help with the laundry.

## Jaron is 15 months old

NEWSFLASH!!! I can walk! All by myself! I took my first steps a few weeks ago, and really chose to walk on my own for the first time on Valentine's day. Mommy was so happy and proud. I'm just getting my 10th tooth--another painful molar. I'm starting to babble a lot now and can say a few essential words such as "poop" and "Danda" (Alexandra).

## Family News

Ian David Arthur Shaver joined us at approximately 9:15 p.m. on March 8, 2000! He weighed 8 lbs. 11 oz. Congratulations to the Shaver Family on this very happy event! Photos of Alexandra and Jaron are now available. Each has new rainboots that they enjoy stomping puddles with. Kevin and Linda have a new and improved homepage, and today they made a very exciting announcement: that Ryan will be a big brother in September!

By visiting the Hunger Site, help the United Nations Food Program put an end to children dying of starvation all over the world (bookmark it and visit it every day).
