## Cleaning your USB Sleek Mouse

To clean the mouse:

1. Disconnect the mouse cable from the computer.
2. Turn the mouse over and look carefully at the bottom. To remove the retainer ring, turn it in the direction indicated by the diagram on the bottom of the mouse.
3. Turn the mouse over, top side up, so that the retainer ring **1** and ball **2** drop out.
4. Wash the ball in warm, soapy water; then dry it with a clean cloth. Blow air carefully into the ball-cage **4** to dislodge dust and lint.
5. Look for a build-up of dirt on the plastic rollers **3** inside the ball-cage. This build-up usually appears as a stripe running around the middle of the rollers.

6. If dirty, clean the rollers by using a cotton swab soaked in isopropyl (rubbing) alcohol. Turn the rollers with your finger and repeat the process until all deposits are removed. After cleaning, make sure the rollers are still centered in their channels.
7. Make sure that fluff from the swab is not left on the rollers.
8. Replace the ball and retainer ring. Turn the retainer ring to lock it into place.
9. Connect the mouse cable to the computer.

Pour nettoyer la souris, procédez comme suit:

1. Déconnectez le câble de la souris de l'ordinateur.
2. Retournez la souris. Déverrouillez l'anneau de retenue de la bille en le tournant dans le sens indiqué par la flèche.
3. Retournez de nouveau la souris afin de retirer l'anneau de retenue **1** et la bille **2**.
4. Lavez la bille à l'eau tiède et savonneuse et essuyez-la soigneusement. Soufflez avec précaution dans le logement de la bille **4** pour ôter toute poussière ou peluche.
5. Regardez si de la poussière s'est amassée sur les roulettes en plastique **3** situées à l'intérieur du logement de la bille. (Le cas échéant, vous observerez une bande autour du centre des roulettes.)

6. Si elles sont sales, nettoyez les roulettes à l'aide d'un bâtonnet ouaté imbibé d'alcool isopropylique. Faites tourner les roulettes avec votre doigt jusqu'à ce qu'il n'y ait plus de poussière. Après avoir procédé à leur nettoyage, assurez-vous que les roulettes sont bien centrées.
7. Vérifiez qu'il n'y a pas d'ouate du bâtonnet sur les roulettes.
8. Remettez en place la bille et l'anneau de retenue. Verrouillez l'anneau de retenue en le tournant dans le sens opposé à la flèche.
9. Reconnectez le câble de la souris de l'ordinateur.

Para limpiar el ratón:

4. Lave la bola en agua tibia con jabón, y séquela con un paño limpio. Sople con cuidado en la caja de la bola **4** para eliminar el polvo y los hilachos.
5. Mire si hay alguna acumulación de suciedad en los rodillos **3** de plástico dentro de la caja de la bola. Estas acumulaciones aparecen normalmente como franjas alrededor del medio de los rodillos.

6. Si están sucios, limpie los rodillos con un algodón empapado en alcohol isopropílico. Gire los rodillos con los dedos y repita el proceso hasta que se eliminen todos los depósitos. Después de la limpieza, compruebe que los rodillos están centrados en los canales.
7. Compruebe que no queden pelusas de algodón en los rodillos.
8. Vuelva a colocar la bola y el disco de retención. Gire el disco de retención hasta que se ajuste en su sitio.
9. Conecte el cable del ratón al sistema.

Per pulire il mouse:

1. Scollegare il cavo del mouse dall'elaboratore.
2. Capovolgere il mouse e guardare attentamente la parte inferiore. Per rimuovere l'anello di blocco, girarlo nella direzione indicata dal diagramma visualizzato sulla parte inferiore del mouse.
3. Capovolgere il mouse, in modo da estrarre l'anello di blocco **1** e la pallina **2**.
4. Lavare la pallina con acqua tiepida e sapone; quindi asciugarla con un panno pulito. Soffiare nel telaio della pallina **4** per rimuovere la polvere.
5. Rimuovere l'eventuale accumulo di polvere situato nei rulli di plastica **3** del telaio della pallina. Di solito, questo accumulo appare come una striscia intorno alla parte intermedia dei rulli.

6. Quando è necessaria una pulizia più accurata, pulire i rulli con un panno umido e una soluzione di alcool isopropilico. Maneggiare i rulli con le proprie dita e ripetere la procedura fino a quando viene rimosso l'accumulo di polvere. Dopo aver effettuato la pulizia, verificare che i rulli vengano posti al centro dei rispettivi canali correttamente.
7. Verificare che i batuffoli del panno no siano presenti sui rulli.
8. Reinstallare la pallina e l'anello di blocco. Capovolgere l'anello di blocco per posizionarlo in maniera coretta.
9. Collegare il cavo del mouse all'elaboratore.

Para limpar o mouse:

2. Vire o mouse e olhe cuidadosamente para o fundo. Para remover o anel de retenção, gire-o na direção indicada pelo diagrama na parte de baixo do mouse.
3. Vire o mouse, a parte de cima para cima, para que o anel de retenção **1** e a esfera **2** se soltem.
4. Lave a esfera em água morna e com sabão, depois seque-a com um pano limpo. Sopre cuidadosamente o compartimento da esfera **4** para desalojar poeira e sujeira.
5. Procure por sujeira criada nos roletes plásticos **3** dentro do compartimento da esfera. Esta sujeira normalmente aparece como uma fita em volta do meio dos roletes.

6. Se estiverem sujos, limpe os roletes usando um cotonete embebido em álcool isopropílico (esfregando). Gire os roletes com o dedo e repita o processo até que todos os depósitos sejam removidos. Após a limpeza, certifique-se de que os roletes estejam centralizados em seus canais.
7. Certifique-se de que o algodão do cotonete não fique nos roletes.
8. Coloque novamente a esfera e o anel de retenção. Gire o anel de retenção para travá-lo na posição.
9. Conecte o cabo do mouse ao computador.

### IBM Statement of Limited Warranty for United States, Puerto Rico, and Canada (Part 1 - General Terms)

*This Statement of Limited Warranty includes Part 1 - General Terms and Part 2 - Country-Unique Terms. The terms of Part 2 may replace or modify those of Part 1. The warranties provided by IBM in this Statement of Limited Warranty apply only to Machines you purchase for your use, and not for resale, from IBM or your reseller. The term "Machine" means an IBM machine, its features, conversions, upgrades, elements, or accessories, or any combination of them. The term "Machine" does not include any software programs, whether pre-loaded with the Machine, installed subsequently or otherwise. Unless IBM specifies otherwise, the following warranties apply only in the country where you acquire the Machine. Nothing in this Statement of Warranty affects any statutory rights of consumers that cannot be waived or limited by contract. If you have any questions, contact IBM or your reseller.*

**Machine** - USB Sleek Mouse

**Warranty Period\*** - One Year

*\*Contact your place of purchase for warranty service information. Some IBM Machines are eligible for on-site warranty service depending on the country where service is performed.*

### The IBM warranty for machines

IBM warrants that each Machine 1) is free from defects in materials and workmanship and 2) conforms to IBM's Official Published Specifications. The warranty period for a Machine is a specified, fixed period commencing on its Date of Installation. The date on your sales receipt is the Date of Installation, unless IBM or your reseller informs you otherwise.

During the warranty period IBM or your reseller, if approved by IBM to provide warranty service, will provide repair and exchange service for the Machine, without charge, under the type of service designated for the Machine and will manage and install engineering changes that apply to the Machine.

If a Machine does not function as warranted during the warranty period, and IBM or your reseller are unable to either 1) make it do so or 2) replace it with one that is at least functionally equivalent, you may return it to your place of purchase and your money will be refunded. The replacement may not be new, but will be in good working order.

### Extent of warranty

The warranty does not cover the repair or exchange of a Machine resulting from misuse, accident, modification, unsuitable physical or operating

environment, improper maintenance by you, or failure caused by a product for which IBM is not responsible. The warranty is voided by removal or alteration of Machine or parts identification labels.

**THESE WARRANTIES ARE YOUR EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THESE WARRANTIES GIVE YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF EXPRESS OR IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION OR LIMITATION MAY NOT APPLY TO YOU. IN THAT EVENT, SUCH WARRANTIES ARE LIMITED IN DURATION TO THE WARRANTY PERIOD. NO WARRANTIES APPLY AFTER THAT PERIOD.**

### Items not covered by warranty

IBM does not warrant uninterrupted or error-free operation of a Machine.

Unless specified otherwise, IBM provides non-IBM machines **WITHOUT WARRANTIES OF ANY KIND.**

Any technical or other support provided for a Machine under warranty, such as assistance via telephone with "how-to" questions and those regarding Machine set-up and installation, will be provided **WITHOUT WARRANTIES OF ANY KIND.**

### Warranty service

To obtain warranty service for the Machine, contact your reseller or IBM. In the United States, call IBM at 1-800-772-2227. In Canada, call IBM at 1-800-565-3344. You may be required to present proof of purchase.

IBM or your reseller provides certain types of repair and exchange service, either at your location or at a service center, to keep Machines in, or restore them to, conformance with their Specifications. IBM or your reseller will inform you of the available types of service for a Machine based on its country of installation. IBM may repair the failing Machine or exchange it at its discretion.

When warranty service involves the exchange of a Machine or part, the item IBM or your reseller replaces becomes its property and the replacement becomes yours. You represent that all removed items are genuine and unaltered. The replacement may not be new, but will be in good working order and at least functionally equivalent to the item replaced. The replacement assumes the warranty service status of the replaced item.

Any feature, conversion, or upgrade IBM or your reseller services must be installed on a Machine which is 1) for certain Machines, the designated, serial-numbered Machine and 2) at an engineering-change level compatible with the feature, conversion, or upgrade. Many features, conversions, or upgrades involve the removal of parts and their return to IBM. A part that replaces a removed part will assume the warranty service status of the removed part.

Before IBM or your reseller exchanges a Machine or part, you agree to remove all features, parts, options, alterations, and attachments not under warranty service.

You also agree to

1. ensure that the Machine is free of any legal obligations or restrictions that prevent its exchange;
2. obtain authorization from the owner to have IBM or your reseller service a Machine that you do not own; and
3. where applicable, before service is provided
  - a. follow the problem determination, problem analysis, and service request procedures that IBM or your reseller provides,
  - b. secure all programs, data, and funds contained in a Machine,
  - c. provide IBM or your reseller with sufficient, free, and safe access to your facilities to permit them to fulfill their obligations, and
  - d. inform IBM or your reseller of changes in a Machine's location.

IBM is responsible for loss of, or damage to, your Machine while it is 1) in IBM's possession or 2) in transit in those cases where IBM is responsible for the transportation charges.

Neither IBM nor your reseller is responsible for any of your confidential, proprietary or personal information contained in a Machine which you return to IBM or your reseller for any reason. You should remove all such information from the Machine prior to its return.

### Production status

Each IBM Machine is manufactured from new parts, or new and used parts. In some cases, the Machine may not be new and may have been previously installed. Regardless of the Machine's production status, IBM's appropriate warranty terms apply.

### Limitation of liability

Circumstances may arise where, because of a default on IBM's part or other liability, you are entitled to recover damages from IBM. In each such instance, regardless of the basis on which you are entitled to claim damages from IBM (including fundamental breach, negligence, misrepresentation, or other contract or tort claim), IBM is liable for no more than

1. damages for bodily injury (including death) and damage to real property and tangible personal property; and
2. the amount of any other actual direct damages, up to the greater of U.S. \$100,000 (or equivalent in local currency) or the charges (if recurring, 12 months' charges apply) for the Machine that is the subject of the claim.

This limit also applies to IBM's suppliers and your reseller. It is the maximum for which IBM, its suppliers, and your reseller are collectively responsible.

**UNDER NO CIRCUMSTANCES IS IBM LIABLE FOR ANY OF THE FOLLOWING: 1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES (OTHER THAN THOSE UNDER THE FIRST ITEM LISTED ABOVE); 2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR 3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF IBM, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.**

THESE WARRANTIES GIVE YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF EXPRESS OR IMPLIED WARRANTIES,**

**SO THE ABOVE EXCLUSION OR LIMITATION MAY NOT APPLY TO YOU. IN THAT EVENT, SUCH WARRANTIES ARE LIMITED IN DURATION TO THE WARRANTY PERIOD. NO WARRANTIES APPLY AFTER THAT PERIOD.**

#### **Items not covered by warranty**

IBM does not warrant uninterrupted or error-free operation of a Machine.

Unless specified otherwise, IBM provides non-IBM machines **WITHOUT WARRANTIES OF ANY KIND.**

Any technical or other support provided for a Machine under warranty, such as assistance via telephone with "how-to" questions and those regarding Machine set-up and installation, will be provided **WITHOUT WARRANTIES OF ANY KIND.**

#### **Warranty service**

To obtain warranty service for the Machine, contact your reseller or IBM. You may be required to present proof of purchase.

IBM or your reseller provides certain types of repair and exchange service, either at your location or at a service center, to keep Machines in, or restore them to, conformance with their Specifications. IBM or your reseller will inform you of the available types of service for a Machine based on its country of installation. IBM may repair the failing Machine or exchange it at its discretion.

When warranty service involves the exchange of a Machine or part, the item IBM or your reseller replaces becomes its property and the replacement becomes yours. You represent that all removed items are genuine and unaltered. The replacement may not be new, but will be in good working order and at least functionally equivalent to the item replaced. The replacement assumes the warranty service status of the replaced item.

Any feature, conversion, or upgrade IBM or your reseller services must be installed on a Machine which is 1) for certain Machines, the designated, serial-numbered Machine and 2) at an engineering-change level compatible with the feature, conversion, or upgrade. Many features, conversions, or upgrades involve the removal of parts and their return to IBM. A part that replaces a removed part will assume the warranty service status of the removed part.

Before IBM or your reseller exchanges a Machine or part, you agree to remove all features, parts, options, alterations, and attachments not under warranty service.

You also agree to

1. ensure that the Machine is free of any legal obligations or restrictions that prevent its exchange;
2. obtain authorization from the owner to have IBM or your reseller service a Machine that you do not own; and
3. where applicable, before service is provided
  - a. follow the problem determination, problem analysis, and service request procedures that IBM or your reseller provides,
  - b. secure all programs, data, and funds contained in a Machine,
  - c. provide IBM or your reseller with sufficient, free, and safe access to your facilities to permit them to fulfil their obligations, and
  - d. inform IBM or your reseller of changes in a Machine's location.

IBM is responsible for loss of, or damage to, your Machine while it is 1) in IBM's possession or 2) in transit in those cases where IBM is responsible for the transportation charges.

Neither IBM nor your reseller is responsible for any of your confidential, proprietary or personal information contained in a Machine which you

return to IBM or your reseller for any reason. You should remove all such information from the Machine prior to its return.

#### **Production status**

Each IBM Machine is manufactured from new parts, or new and used parts. In some cases, the Machine may not be new and may have been previously installed. Regardless of the Machine's production status, IBM's appropriate warranty terms apply.

#### **Limitation of liability**

Circumstances may arise where, because of a default on IBM's part or other liability, you are entitled to recover damages from IBM. In each such instance, regardless of the basis on which you are entitled to claim damages from IBM (including fundamental breach, negligence, misrepresentation, or other contract or tort claim), IBM is liable for no more than

1. damages for bodily injury (including death) and damage to real property and tangible personal property; and
2. the amount of any other actual direct damages, up to the greater of U.S. \$100,000 (or equivalent in local currency) or the charges (if recurring, 12 months' charges apply) for the Machine that is the subject of the claim.

This limit also applies to IBM's suppliers and your reseller. It is the maximum for which IBM, its suppliers, and your reseller are collectively responsible.

**UNDER NO CIRCUMSTANCES IS IBM LIABLE FOR ANY OF THE FOLLOWING: 1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES (OTHER THAN THOSE UNDER THE FIRST ITEM LISTED ABOVE); 2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR 3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF IBM, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.**
