Welcome, once again, to the world of Ludwig Percussion. Inside this catalog, you will find a wide variety of drums to suit the needs of every drummer. Last year we were fortunate enough to celebrate Ludwig's 100 years of drum making, and now, we enter into our second century with an even greater enthusiasm!

We work hard to live up to the standards set by William F. Ludwig, Sr. and William F. Ludwig, II. The Ludwig legacy was built on exceedingly high standards in craftsmanship, innovation, and a commitment to surpass the needs of every percussionist. The Ludwig staff is a group of drummers and percussionists who are 100% committed to these same, time-tested ideals. We focus daily on improving instrument designs, acoustics, manufacturing process, quality and, most importantly, customer satisfaction.

We welcome you to the "Ludwig Family" and encourage you to take a tour of the products we offer. Whether you are searching for a starter drum set, or for that one snare that has eluded your collection for years, we are confident that Ludwig has something for you. Now, a century after it all began, we remain proud to be an American company competing in a global market, and we thank you, the Ludwig customer!

Thanks for keeping us *The Most Famous Name On Drums!*

Sincerely,

Grant Henry

TOMORROW'S VINTAGE, TODAY

SHELL

Exotic Veneer over 1/32" Maple Outer Ply, 1/8" American Poplar Core Ply, 1/16" Maple Inner Ply, 1/8" Solid Maple Reinforcement Rings.

By applying many of the same shell-making properties we have refined over the past century, Ludwig is proud to introduce Legacy Exotic, a stunning rethink to a modern classic. This flagship professional drum line employs the 3-ply combination of inner and outer North American Maple and the traditional single Poplar core ply with solid Maple reinforcement rings; forging a rich sonic warmth that is unheard of in the tonal spectrum.

LEGACY CLASSIC

SERIES DRUMS

A TRUE AMERICAN CLASSIC

Tradition, Craftsmanship and Visionary Excellence; these are the values at the center of Ludwig's classic legacy. With these values comes a commitment as true as the care and pride that goes into each drum, hand-crafted at Ludwig's manufacturing facility in Monroe, North Carolina.

Combining the benefits of today's most advanced manufacturing processes with the experience that comes with a century of drum making, Ludwig's Legacy Classic Series revive the distinctive sound of the world's most famous drums. These custom-built American-made drums are a modern interpretation of the legendary Ludwig shells that set the standard for popular music throughout the 20th Century.

Vintage-style wrap over 1/16" Maple Outer Ply, 1/8" American Poplar Core Ply, 1/16" Maple Inner Ply, 1/4" Solid Maple Reinforcement Rings.

Legacy Classic shells are made from choice cuts of hand-selected North American hardwoods. A core ply of premium Poplar yields warmth and resonance while cross-laminated inner and outer plies of Maple deliver power and clarity. This proven design is then augmented with 1/4" single-ply Maple reinforcement hoops and rounded classic-cut bearing edges for thundering lows and pronounced articulation, suitable for any musical style.

Not merely a blast from the past, Legacy drums take full advantage of state-of-the-art manufacturing techniques with rigorous attention to detail. The Legacy Classic Series are now available in expanded sizes and finish options for the consummate professional.

VISION. TRADITION. PRECISION. POWER.

The 1970's were a time of great innovation at Ludwig's Damen Ave. facility. True to Ludwig's tradition of innovation, Stainless Steel kits were forged for unprecedented volume, sustain, and power in heavy music. Ludwig's new Anniversary Edition Stainless Steel Pro Beat outfit is a true testament to our timeless roots. Only 100 kits will be made available, all of them hand-rolled and tooled by Drumsmith Ronn Dunnett.

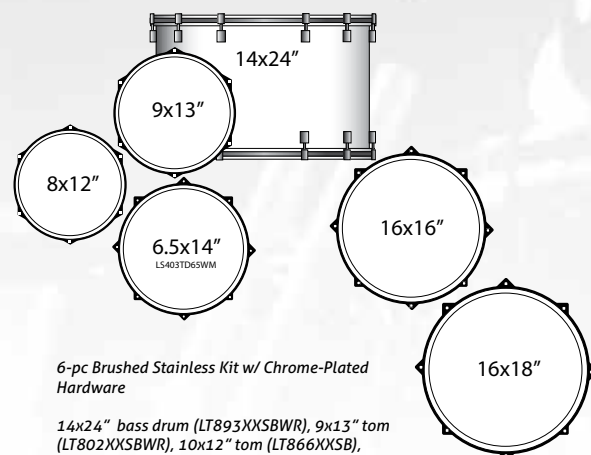

Ultra-thin 1.5mm stainless steel shells produce crystalline resonance throughout the drum. Together with precision-cut, pin-point bearing edges, enormous tone and volume is attained without brash overtones.

Choose from polished chrome steel finish with brass hardware or brushed stainless finish and chrome hardware.

Inspired by the drum construction from Ludwig's golden era, Classic Maple options are limited only by your imagination. With dozens of configurations, component sizes, current or classic hardware choices and finish possibilities, the player is completely in control of how the drum looks, plays and performs.

No matter the playing style or preference, Classic Maple takes the options that discerning players demand and puts them right in the pocket of the player. Each Classic Maple outfit or component drum can be custom configured to include hardware options to best suit any playing environment.

Proudly made in Monroe, North Carolina, Ludwig takes great care in selecting only the finest quality materials for Classic Maple drums.

This process starts with select North American maple. The maple is cut into panels. The outside panel is 1.8 mm thick, two ply, cross laminated maple. Cross lamination is the process in which the panels are made of two glued plies of wood, with the grain direction of one ply at 90 degrees in relation to the grain direction of the adjacent ply. The outside grain runs circumferential with the shell.

The center panel is 2.4 mm thick, three ply, cross laminated maple. The middle ply runs circumferential with the shell and the outer plies are at 90 degrees. The inside panel is 1.8 mm thick, two ply, cross laminated maple. The inside grain runs circumferential with the shell. This gives the 7-ply shells a total thickness of 6 mm.

The bearing edges are cut to a 45 degree angle within 1/16" from the outside edge. The sharp edges are rounded by light sanding for a smooth even surface. This process results in what is the unmistakable signature Ludwig sound.

REMAIN
THE SAME

While preparing for the Zeppelin Reunion in 2007, Jason Bonham requested a kit, with his own personal imprint, that would carry the legendary spirit of his father's playing forward. The result was the inspiration behind Jason's Limited Edition Signature kit. A true Ludwig first, this yellow Vistalite in John Bonham's own Zep set configuration features black powder-coated hardware and fittings on all drums, for a truly unique look. To further authenticate these limited-number production kits, Jason personally signed each drum head, emblazoned with the iconic imagery from his father's first masterpiece.

One of the primary reasons Ludwig is "the most famous name on drums" is the legendary Black Beauty Snare Drum. The brass shell is constructed of a single sheet of brass that is machine drawn and spun into a seamless beaded drum, then black nickel plated with a beautifully exquisite finish. The shell provides a warm, round metallic tone.

Brass on Brass Black Beauty - LB416BT
 Features: brass plated P86 Millennium snare strainer, brass plated P33 butt plate, brass tube lugs, brass die cast batter and snare hoops

With any of the three strainer options of P85 Supra-Phonic, P86 Millennium or P70 Super-Sensitive strainers, the Black Beauty responds with excellent sensitivity at all volumes. Choose from Imperial or tube lugs, die cast or triple-flanged hoops and a smooth or hand hammered shell. The 70 year tradition of the Ludwig Black Beauty carries on as the ultimate snare drum in the industry.

Performance proven to be the sound that fueled the most hit recordings in history, the Ludwig LM400 and LM402 are the snare drum choice of the pros.

The Memorial Edition "Chief" Supraphonic's .035" tick Titanium shell (prepared exclusively for Ludwig by drumsmith Ronn Dunnett) offers a wide tuning range and crisp, amplified tone. As the only Supraphonic available in 5.5"x14", the Chief also features a piston throw-off, adjustable air-vent, Imperial Lugs, and a specially-minted badge featuring the drum's namesake, William F. Ludwig II.

From Jazz to Metal, Ludwig 400 Series Snare Drums provide the perfect sound in the studio or on stage. The USA made chrome plated seamless aluminum shells produce a bright, crisp cutting sound, with the perfect balance of full resonant tone and snare crack.

The LM400 and LM402 are available with Imperial lugs or tube lugs, smooth or hammered shells as well as the P85 or P86 snare strainer.

BRASS SNARE DRUMS

BRONZE SNARE DRUMS

A softer, darker alloy generally used for cymbal making, bronze presents a unique blend of metal snare projection and the warmer tones of a wood drum. Options include standard 2.3mm triple-flanged or die-cast hoops, Imperial or tube-style lugs and Classic P85 or Millennium P86 snare strainers. Bronze snares are also available with Super-Sensitive snare strainer.

CLASSIC MAPLE SNARE DRUMS

Ludwig's wood snares have remained popular throughout the company's 100-year history and were the drums that helped establish the fat backbeat and deep grooves of pop and R&B music in the 1970's and 80's.

The Classic Maple 7-ply all-maple shell features the clarity and warmth players have come to expect from maple drums, plus the projection and musicality that has maintained Ludwig's reputation for snare drum innovation and excellence.

Available in a wide selection of sounds, sizes and styles, from piccolo, standard and deep models. From lacquer, exotic and wrapped finishes, Ludwig Classic Maple snares are the new Classics of today. Sizes not shown: 6x13", 3x13" and 3.5x14".

EXOTIC WOOD SNARE DRUMS

Ludwig's exotic wood snare drum line offers a stunning array of exclusive veneers selected from Steinway Piano in Boston, MA. From figured woods like Birdseye Maple and Waterfall Bubinga, to quilted woods like Makoré and Sapele, all exotic snares feature 7-ply of maple with an outer ply of exotic veneer. Available options include tube-style lugs, die-cast hoops and brass hardware.

Further pushing the Epic shell hybrid concept, the Centurian line consists of three snare models; each with a different exotic wood shell and unique tonal distinction. Coming standard with tube-style lugs and 2.3mm hoops, Epic Centurian Snares are a unique destination for the discerning collector.

LCEX6514TXBU: 6.5"x14" African Bubinga - More at home in a live setting, the harder nature of Bubinga wood is brought up a notch in tone with a thicker, 10-ply shell. Ideal for louder situations where more articulate play might otherwise be lost.

LCEX6514TXWA: 6.5"x14" American Walnut over Maple - This drum was made for the studio environment. Harnessing a deeply resonant tonal quality, the 8-ply Canadian Maple shell is accentuated by a deeply figured, American Walnut outer ply for stunning look and feel.

LCEX6514TXSA: 6.5"x14" African Sapele - Similar in appearance to Mahogany but harder than Red Oak, this is a drum that speaks at a medium-to-high pitch with fierce attack and cut. The thick 12-ply shell is made even louder thanks to 4-ply Maple reinforcement rings at both ends of the shell. Very sensitive and made to project without sacrificing depth.

Black Magic SNARE DRUM

Legendary, player-approved sound. Ludwig pioneered the black-nickel over brass shell concept in the early 1920's, setting a standard that all other would follow. Black Magic Snare Drums bring that signature sound and quality to a whole new playing spectrum, with four models to satisfy any playing situation. Accentuated with matching tube lugs and die-cast hoops, Black Magic snares deliver classic tone that drummers have come to expect from Ludwig.

LW0713 - 7x13": Built to focus on tight, crisp projection, the 7" depth on this 13" model adds full-bodied sonic elements to its powerful attack.

LW5514 - 5x14": A standard model for everything from Pop to Jazz, the 5x14" produces pure, articulate snare tone with bright overtones.

LW6514 - 6.5x14": For higher-volume situations, the 6.5x14" has a fat, open sound without sacrificing tone or sensitivity.

LW0814 - 8x14" (NEW): Inspired by the Ludwig Coliseum, the new 8x14" is the ultimate in low-bodied power and projection.

Black Magic STAINLESS STEEL SNARE DRUM

Yet another in a series of Ludwig firsts, NEW Black Magic Stainless models incorporate a mirror-polished, 1.5mm stainless steel shell for bright, cutting attack and mid-range overtone. Black Magic's black-nickel tube-lugs and appointments provide, sharp visual contrast, and tonal range is broadened with 2.3mm power-hoops.

LW5514S - 5x14"

LW6514S - 6.5x14"

JIM RILEY Signature SNARE DRUM

Noted Clinician and Rascal Flatts Drummer Jim Riley has always relied on a variety of Ludwig snares to get the job done. Jim's new Signature Snare combines the best elements of his favorite models in one, reliable workhorse. Its 1.5mm Stainless Steel shell produces plenty projection and SNAP, while its 8" depth lends the balanced warmth of a wood drum. Ornamented with a laser-engraving that is true to Riley's roots, its visual brilliance is offset by black-nickel tube-lugs and die-cast hoops.

"This drum has been tested from Nashville studios to the arena stage and sounds fantastic every step of the way." - Jim Riley

P4 PRACTICE PAD

Ludwig has taken the practice pad to new levels...three levels to be exact. Introducing the Ludwig P4 Practice Pad designed by Drummers Collective Instructor and Ludwig artist Pat Petrillo.

The P4 pad consists of 3 different playing levels with 4 distinctly different pad surfaces. Each pad emulates the feel and response of a snare drum, tom or cymbal surface. It allows drummers to practice hand movements around the pad as if playing behind an actual drum kit. The pad conveniently screws into the top of an 8mm cymbal stand, or rests perfectly in a snare basket. Finally a single practice pad that is designed with the drum set in mind is now available courtesy of Pat Petrillo and Ludwig Drums.
