

RANGE ROVER SPORT

2011

It is the definitive luxury sports tourer. Defined by exceptional on-road dynamics, class-leading comfort and outstanding breadth of capability. Muscular body styling, a sumptuous interior and the choice of two powerful, exceptionally refined engines. It is Range Rover Sport.

Alluring. Ready, poised in anticipation of the drive ahead. Range Rover Sport is assertive, with a unique identity and a low-to-the-road, contemporary appearance. Range Rover Sport, with its muscular, sharp attitude looks like it's moving, even when it's standing still.

RANGE ROVER

Stylish and bold. Range Rover Sport features Range Rover signature 'concentric circle' headlamps with LED technology and a 'twin stripe' design on grilles, vents and lights for charisma and a truly purposeful line. Rear light clusters also boast LED technology and reinforce Range Rover Sport distinctiveness. And now three new exterior colours add even more appeal. Range Rover Sport.

Luxurious. Step inside Range Rover Sport and step up a class. The unique cockpit driving position puts the centre console and controls all within easy reach, while the instrument panel and instrument cluster all place the emphasis on a sublime driving experience.

And now Range Rover Sport can be tailored to even more individual tastes and practical needs with the introduction of Autobiography Sport as well as a number of option packs that are available across the model range.

Easy-to-use Human-Machine-Interface (HMI)
Touch-screen with entertainment, information,
navigation and communication functionality.

Instrument panel with five inch Thin Film Transistor
(TFT)-LCD technology and optional leather surround
from the Extended Leather Pack.

Steering wheel with two separate five-way navigation
toggle switches to maximise control and ease-of-use
of the Infotainment system and functions on the
five inch TFT-LCD screen.

'Range Rover class' Noble-plated finish and wood veneer
trim for a luxury ambience.

New premium interior materials including redesigned
door casings and speaker frets.

Supreme wellbeing. As the definitive luxury sports tourer, Range Rover Sport is the place to be for both driver and passengers alike. The dynamic cockpit interior is designed to cosset and cocoon, while the command driving position offers a clear view of the surrounding environment and helps to put the driver in complete control.

Range Rover Sport's seats are made to sit in, not on, and create a sporty experience and luxurious, long-range comfort with driver's electrically adjustable seat bolsters. They are available in an exciting variety of colours and in two grades of leather, as well as leather combined with Alcantara®. Contrast stitching is available with Premium Windsor leather and leather combined with Alcantara®. An Extended Leather Pack, which features a dash finished in fine hide, can also be specified to make the interior environment even more select.

Alcantara® is a registered trademark of Alcantara S.p.A.

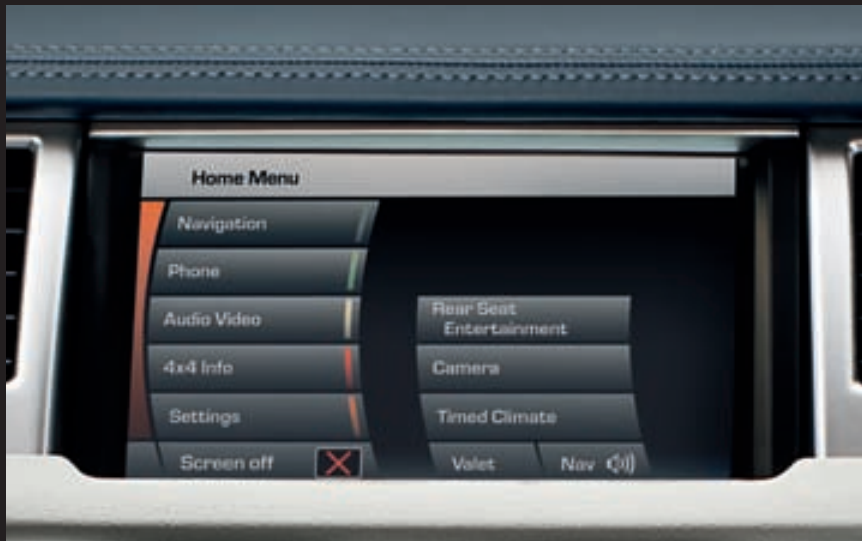

The superb interior provides premium levels of craftsmanship and comfort. Tactile materials create a superior ambience of quality and prestige. There is even interior mood lighting, which enhances the experience of night-time driving. For the ultimate expression of sporting luxury Autobiography Sport offers even more individual style through exclusive interior colour choices in the finest materials.

An acoustic windscreen and laminated front side glass raise cabin refinement and improve noise insulation.

Intuitive, easy-to-use access to Infotainment. The focal point of the centre console is a full-colour Touch-screen, which provides a hub for all audio, communication and navigation. This not only adds to the premium character of the interior, it also reduces the number of conventional controls required on the console and improves driver ergonomics.

A choice of In-Car Entertainment options are available including **harman/kardon**® LOGIC7® systems incorporating premium audio quality.

The Portable Audio Interface allows the connection to the In-Car Entertainment system of an iPod® with full track and search integration. An MP3 player or a mass storage device can also be connected via the USB port.

harman/kardon® and LOGIC7® are registered trademarks of Harman International Industries, Incorporated. iPod is a registered trademark of Apple Inc. registered in the US and other countries.

PHONE

The multifunction steering wheel gives fingertip control of key functions.

A paddle-operated gearshift is available on Range Rover Sport.

Keyless Entry gives driver access without the necessity of using the smart key's unlock command. The vehicle is automatically unlocked and the immobiliser deactivated when the smart key comes within close proximity.

Push button Start/Stop. The vehicle is started with a dash-mounted push button without the requirement of smart key docking.

Remote Park Heat is available on vehicles with LR-TDV6 engines and provides pre-heat to the engine with residual heat channelled into the cabin.

Control. Range Rover Sport features Land Rover's legendary command driving position which gives better visibility of the road ahead for the earlier recognition of hazards and helps when manoeuvring.

All key controls are close to hand and information is easy to read thanks to the centrepiece of driver information, the new instrument panel with its five inch Thin Film Transistor (TFT)-LCD technology. It shows key vehicle information, for instance gear selection status, and safety data, such as engine temperature, as well as displaying highlights from the Infotainment screen. Importantly, the display can be operated using a simple menu system controlled by the five-way navigation toggle switches on the steering wheel.

Power. Performance. Two utterly refined engines – LR-V8 Supercharged and LR-TDV6 Advanced Sequential Turbo Diesel – both with latest-generation six-speed automatic transmissions with CommandShift®.

RANGE ROVER

RANGE ROVER

Choice. The right engines for a diverse variety of driving styles and performance requirements. They offer unparalleled levels of refinement, progressive power on demand and torque.

LR-V8 Supercharged Petrol 510hp

510hp and 625Nm of torque enables longer gearing for improved fuel economy and CO₂ emissions. Fuel consumption 19.0mpg* (14.9L/100km*) on EU combined cycle. 31 percent more power and 14 percent more torque than the previous 4.2 litre Supercharged engine. Highly efficient, spray-guided direct injection. Conforms to EU5 emissions regulations. Lightweight construction uses recycled materials. Increased service intervals.

LR-TDV6 Diesel 245hp

245hp and 600Nm of torque for refinement and efficiency. Fuel consumption 30.7mpg* (9.2L/100km*) with CO₂ emissions of 243gms/km on EU combined cycle. 29 percent more power and 36 percent more torque than the previous 2.7 litre TDV6 Diesel. Unique, parallel sequential turbocharger system. Third generation common rail fuel system. Conforms to EU5 emissions regulations. Increased service intervals.

e_TERRAIN TECHNOLOGIES is a unique engineering philosophy and commitment to sustainable initiatives which uses the latest creative and innovative technology to make continual and significant improvements to the environmental performance of all Range Rover vehicles.

*Manufacturer's data

Advanced. Range Rover Sport has many advanced dynamic technologies that combine to deliver exhilarating on-road performance. This can be enhanced even further with the Dynamic Pack.

The Dynamic Pack consists of Adaptive Dynamics and Dynamic Response. Adaptive Dynamics works by predicting the response to driver input and monitors contact with the surface of the road 500 times a second, allowing the system to mitigate any excessive movement, rather than a conventional system which reacts after the vehicle has already moved. With Dynamic Response, Range Rover Sport sets a benchmark for all-terrain vehicles. Dynamic Response senses cornering forces and compensates for them automatically. Together these minimise body roll while helping to maintain sure-footed control and supreme comfort.

Adaptive Dynamics includes the Dynamic Program setting which is selected via the Terrain Response® system to give an even more engaging drive and further reinforces Range Rover Sport's on-road driving dynamics. On LR-V8 Supercharged models the system can provide more performance-orientated responses to driver input by remapping steering, throttle and gearbox settings.

Thanks to the comprehensive range of technologies in the Dynamic Pack, Range Rover Sport offers even better on-road performance than its predecessors. It is the best ever Range Rover for driver-focused dynamics and performance. From the smoothest roads, to more extreme rough surfaces and poor weather conditions, the vehicle delivers a sense of confidence and security.

More experience. The Terrain Response® system gives access to over 60 years of Land Rover four-wheel drive expertise and state-of-the-art dynamic technology. Terrain Response® is your own driving expert with you in the vehicle at all times. Simply turn the conveniently positioned dial to the appropriate icon and Range Rover Sport's engine, transmission, suspension and traction settings reconfigure for optimum driveability in all conditions.

The Terrain Response® system includes a sixth position on the dial, Dynamic Program (standard on Supercharged and certain LR-TDV6 models). This increases body control and gives a more driver-focused orientation to the vehicle's settings by adjusting the Adaptive Dynamics settings.

The Terrain Response® system includes Dynamic Program, which gives a sportier, more engaging drive in all conditions.

The Terrain Response® system includes Sand Launch Control. Sand Launch Control helps prevent the wheels spinning when moving off from a standstill and the vehicle 'grounding out'. Once the vehicle reaches the appropriate speed the slip thresholds are increased to maintain progress. This technology takes yet another step forward with Gradient Acceleration Control and Hill Start Assist. Gradient Acceleration Control prevents situations where the vehicle might 'run away' on a steep gradient (and Hill Descent Control has not been selected), allowing the driver time to regain control. Hill Start Assist automatically releases brake pressure progressively on a steep gradient and prevents the vehicle from inadvertently rolling backwards.

Another cutting-edge feature is Trailer Stability Assist (TSA). Using onboard sensors that detect the presence of a trailer, TSA identifies trailer sway to trigger active braking, cut engine output and stabilise the trailer.

-  Dynamic Program
-  General Driving
-  Grass, Gravel, Snow
-  Mud & Ruts
-  Sand
-  Rock Crawl

Adaptive Cruise Control (ACC) with Advanced Emergency Brake Assist uses radar to scan the road ten times a second. ACC will automatically match the pace of the vehicle ahead, settling Range Rover Sport down behind it and maintaining a constant speed with one of four cruise gap distances set according to the driver's preference.

Forward Alert gives an audio and visual alarm when the distance from the vehicle in front decreases. Advanced Emergency Brake Assist is designed to detect a possible collision and prepares the brake system for emergency braking, then assists the driver as he or she brakes by applying full-force braking even if pressure on the pedal is light.

ACC helps reduce the need for driver intervention and assists in creating a more relaxing, more comfortable journey.

Xenon Adaptive Front Lighting, with LED technology and Range Rover signature 'concentric circle' design, give Range Rover Sport a striking headlamp identity.

Automatic headlamps with high beam assist detect vehicle headlamps/tail lamps and dip the high beam until the light source is out of range.

To cope with the demands of sports tourer performance, every Range Rover Sport has brakes that are engineered for maximum stopping power and to enhance the driver experience. The LR-V8 Supercharged has high-performance brakes developed in association with Brembo™.

Brembo is a registered trademark of Freni Brembo S.p.A

Surround Camera system technology utilises five discreetly placed digital cameras to relay an almost 360 degree view around the vehicle to the Touch-screen display on the fascia. The system provides a number of driver-assist features, for instance zoom and pan, which can be invaluable in situations such as towing or hitching a trailer.

Parking Aid – The Rear View Camera displays a rearward view from the vehicle on the Infotainment screen. To aid manoeuvrability, lines representing the vehicle's outer perimeter are superimposed on the rearward image.

The Hard Disc Drive (HDD) Premium Navigation system allows features to be accessed more quickly – for instance, route finder and route recalculation times are significantly reduced – helping minimise delays in determining directions for the driver. The system also allows the latest mapping information to be uploaded via your Land Rover dealership.

Five digital cameras are housed around the vehicle – two on either side of the front bumper, one in each of the door mirror casings and one in the rear spoiler.

Range Rover Sport's highly rigid body, with its low centre of gravity and energy-absorbing crumple zones offer impressive levels of safety and occupant protection. Dynamic Stability Control (DSC) monitors wheel speed and steering angle to help make cornering safer and more stable. DSC applies ABS braking to individual wheels to support and maintain control.

Further improvements to the Stability Control Systems include Roll Stability Control – which operates progressively to prevent the likelihood of the onset of a rollover situation – and Enhanced Understeer Control – which helps the driver recover control by mitigating understeer. For added peace of mind, Range Rover Sport is equipped with a total of eight airbags, including side curtains.

The logo for 'Autobiography Sport' is presented within a rounded rectangular frame with a metallic, brushed metal texture. The word 'Autobiography' is written in a large, elegant, cursive script. Below it, the word 'SPORT' is written in a bold, uppercase, sans-serif font with a slight 3D effect.

Autobiography SPORT

Autobiography Sport is the ultimate expression of sporting luxury, individual style and is the pinnacle of the Range Rover Sport model line-up. It is an opportunity to express yourself in your own unique way through an impressive selection of exclusive interior colour choices in the finest materials. Complemented with sophisticated exterior design styling options to suit your personal taste, it gives you the satisfaction of knowing that you've put your own original stamp on the vehicle. That you've made it more exclusive. That you've made it yours.

Autobiography Sport is available with three sporting interior themes – **Le Mans, Monaco and Monza**. All include the following styling features as standard: Autobiography Sport unique Titan Front Grille, Titan Side Vent, Autobiography Sport 20 inch 10-spoke Diamond Turned Autobiography Alloy Wheel, Stainless Steel Door Tread Plate. Body Styling Pack, revised Front Bumper including Fog Lamp Surrounds, revised Rear Bumper and Chromed Exhaust Finishers.

AUTOBIOGRAPHY SPORT WITH BODY STYLING PACK

In pursuit of sporting pedigree. Also making its debut on Autobiography Sport is the new Range Rover Sport Body Styling Pack. Adding even more presence and head-turning assertiveness to Range Rover Sport's already muscular form. The Body Styling Pack sets Range Rover Sport even further apart from its rivals with more attitude and more sporting appeal than ever before. It's the look that just has to be driven.

FEATURES BY DERIVATIVE

3.0 TDV6 SE

ENGINE & TRANSMISSION

- 3.0 litre TDV6 advanced sequential turbo diesel engine
- Misfuel protection device
- 6-speed adaptive automatic gear box
- Diesel Particulate Filter (DPF).

SUSPENSION & DRIVING DYNAMICS

- Electronic air suspension with enhanced Terrain Response® and trip computer
- 4-channel all-terrain ABS with all round ventilated disc brakes
- Emergency Brake Assist (EBA)
- Dynamic Stability Control (DSC) with Trailer Stability Assist (TSA)
- Hill Descent Control feat. Hill Start Assist and Gradient Acceleration Control.

WHEELS

- 19" Style-3 15-spoke alloy wheels
- Full size alloy spare wheel
- Locking wheel nuts.

EXTERIOR LIGHTING

- Xenon headlamps
- LED front signature lights and rear tail lights
- Front fog lamps, headlamp power wash, automatic headlamps.

EXTERIOR FEATURES

- Body coloured mirror caps
- Jupiter (dark) finish front grille.

INTERIOR FEATURES

- Leather seats
- 8-way driver and passenger electric front seats with manual lumbar adjustment
- Split rear seats including rear arm rest
- Leather covered steering wheel and gear knob
- Straight Grain Walnut interior veneer, door inserts, and centre console.

COMFORT & CONVENIENCE

- Front Park Distance Control
- Rear Park Distance Control
- Automatic climate control
- Cruise control
- Puddle and footwell lamps
- Keyless push button start
- Illuminated vanity mirrors
- Electric Park Brake (EPB)
- Non-Smoker's Pack
- Perimetric and volumetric alarm system
- Electrochromatic interior mirror and rain sensor
- Rain sensing wipers
- Cold Climate Pack – heated front screen, heated front seats, heated washer jets.

INFORMATION, COMMUNICATION & AUDIO

- Touch-screen hard disc drive premium navigation system including 4x4 interface, TMC and voice control
- 5" TFT information centre
- Hi ICE Pack - **harman/kardon**® System: 8 speakers, passive subwoofer, audio amplifier and single disc in-dash CD player
- iPod® and USB audio connectivity interface
- Bluetooth® phone system (Continental).

3.0 TDV6 HSE

As 3.0 TDV6 SE plus

SUSPENSION & DRIVING DYNAMICS

- Dynamic Response
- Adaptive Dynamics including new Dynamic Mode on Terrain Response®.

WHEELS

- 20" Style-3 15-spoke alloy wheels
- Temporary durable spare wheel.

EXTERIOR FEATURES

- Stainless steel tread plates
- Metallic paint.

INTERIOR FEATURES

- Premium leather seats with perforations
- Eight-way driver and passenger electric front seats with driver's power lumbar adjustment and driver's electrically adjustable side bolsters and passenger's manual lumbar adjustment
- Lower centre console cooler box.

COMFORT & CONVENIENCE

- Rear view camera with parking aid
- Powerfold exterior mirrors
- Interior mood lighting
- Driver's seat memory
- Keyless entry
- Heated rear seats.

INFORMATION, COMMUNICATION & AUDIO

- Digital Audio Broadcasting (DAB) Radio
- Hybrid Television.

3.0 TDV6 AUTOBIOGRAPHY SPORT

As 3.0 TDV6 HSE plus

ENGINE & TRANSMISSION

- Steering wheel mounted paddle-shift.

SUSPENSION & DRIVING DYNAMICS

- Advanced Adaptive Cruise Control with forward alert.

WHEELS

- 20" Style-8 Diamond Turned Autobiography Wheel.

EXTERIOR LIGHTING

- Automatic High Beam Assist

EXTERIOR FEATURES

- Autobiography Sport tailgate badge
- Titan (bright) finish Autobiography Sport front grille
- Body Styling Kit including new front and rear bumpers, new rear spoiler, front grille, side vents and exhaust finishers
- Autobiography Sill Tread Plates – Stainless Steel with Autobiography Sport script on front plates (in lieu of Range Rover).

INTERIOR FEATURES

- Extended leather pack
- Grand Black Lacquer wood finish
- Autobiography luxury carpet mats with leather trim edging (4 piece)
- Handbook – leather covered to match seat centre panel, embossed with Autobiography Sport
- Key chain fob with Autobiography Sport script
- Seats – Duo-tone premium leather with perforations
- Seats – Autobiography Sport embossed head restraints
- Three interior themes, Le Mans, Monaco or Monza
- Contrast stitching in seats
- Duo-tone steering wheel (not with Monaco theme)
- Heated steering wheel
- Remote Park Heating.

INFORMATION, COMMUNICATION & AUDIO

- Premium ICE pack – **harman/kardon**® LOGIC 7® with 13 speakers, active subwoofer, DSP amplifier, side screen antenna amplifier, remote audio controls, single slot in-dash CD player and steering wheel mounted audio controls.

5.0 SUPERCHARGED HSE

As 3.0 TDV6 HSE plus

ENGINE & TRANSMISSION

- 5.0 litre Supercharged V8 petrol engine
- Steering wheel mounted paddle-shift.

SUSPENSION & DRIVING DYNAMICS

- High performance brakes
- Advanced Adaptive Cruise Control with forward alert.

WHEELS

- 20" Style-6 5-spoke alloy wheels.

EXTERIOR LIGHTING

- Automatic High Beam Assist (HBA).

EXTERIOR FEATURES

- Titan (bright) finish front grille
- Lower bumper plinth in Titan (bright) finish
- Chrome exhaust finisher.

INTERIOR FEATURES

- Contrast stitching in seats
- Heated steering wheel
- Extended Leather Pack
- Straight Grain Walnut interior veneer, door inserts and centre console.

Diesel Particulate Filter (DPF)	■	-

■ Standard – Not available

* Includes 100 percent fuel, fluids, tools, spare wheel, without occupants.
 Diesel fuel consumption and CO₂ figures are for vehicles without Diesel Particulate Filter (DPF).

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. Fuel tank Petrol/Supercharged usable fuel 88.1 litres. Diesel usable fuel 84.1 litres. Low fuel warning at 9 litres approximately.

ACCESSORIES

Accessories make this your new Range Rover Sport. Add personalisation with attitude to really stand out from the crowd. Add even greater luxury and exclusivity to the interior atmosphere. Or add even greater capability to suit an individual lifestyle. And remember, accessories can be added at any stage during the vehicle's life. Not just when it's new.

The Body Styling Pack* gives your Range Rover Sport even more individuality and is supplied ready-primed for painting in the colour of your choice, and consists of new front and rear bumpers, new deeper rear spoiler, lower door trim mouldings and rectangular exhaust tailpipe finishers. Compatible with all petrol and diesel derivatives.

Front Grille and Fender Vent (Pair) Kit (shown left)
Black Finish
Petrol Models VPLSB0061
Diesel Models VPLSB0060

*Please see your Land Rover dealership for further details.

Front Lamp Guards
VPLSP0010
2010 Model Year vehicles onwards

Bumper Styling Cover
VPLSB0043
Compatible with Front Park Distance Control and Adaptive Cruise Control (AAC) System.
2010 Model Year vehicles onwards

Rear Lamp Guards
VPLTP0064
2010 Model Year vehicles onwards

Bright Finish Mirror Caps
VPLMB0041 – (Upper)
2010 Model Year vehicles onwards

Fixed Side Steps
VPLSP0040

Body Side Moulding
DGJ500020PCL

Snow Traction System
LR005737
For front 18 inch, 19 inch and
20 inch wheels only.

Front Mudflaps
CAS500070PCL

Rear Mudflaps
VPLSP0016
Compatible with standard bumper.

VPLSP0015 – (not shown)
Compatible with 2010 Model Year
Exterior Design Pack.

Multi-Height Tow Bar*
LR005740
Offers three different towing height options. Lowest tow ball height 350mm from ground. Highest tow ball height 450mm from ground. 3,500kg trailer load capacity (150kg trailer nose load). Not compatible with Body Styling Pack 2010 Model Year vehicles onwards or Stormer Accessories Pack 2005-2009 Model Year.

Quick Release Tow Bar*
KNB500070
Easily removed. Lockable for security. Tow bar height 400mm from ground. 3,500kg trailer load capacity (150kg trailer nose load).

TOURING ACCESSORIES

iPod Link Lead
(not shown) – LR019691
Integrates the latest iPod technology into the vehicle audio system. In addition the link lead also acts as a charger for your iPod device.

Bulb Kit
(not shown) – VPLSV0017
A selection of essential bulbs are a legal requirement in certain countries.

Fire Extinguisher
(not shown) – VPLAS0041
1kg powder extinguisher with front seat and floor mounting brackets.

Warning Triangle
(not shown) – KCC500021
Vital in emergencies and a legal requirement in certain countries.

First Aid Kit
(not shown) – STC7642

Tow Strap
(not shown) – STC8919AA
Includes storage bag that can be attached as a warning flag to the strap. 3,000Kg maximum load capacity.

***Tracking Target Sticker**
LR021589
Required for vehicles equipped with the Surround Camera System option which includes Tow Assist.

'N' and 'S' Type Towing Electrics**
VPLST0014
Provides all trailer rear lighting and interior equipment power, where required. Supplied as a combined kit. 2010 Model Year vehicles onwards.

13 Pin Type Towing Electrics**
VPLST0015
European style towing electrics, capable of supplying all trailer rear lighting and interior equipment power. 2010 Model Year vehicles onwards.

Lighting Board**
STC8153
4 metre cable plugs into 'N' Type Towing Electrics socket.

Bike Carrier
STC50063
Fits to the Multi-Height Tow Bar. Holds two bikes. Trailer may be towed at the same time. Not compatible with Friction Type Tow Hitches. Towing height 350mm. Not compatible with Body Styling Pack 2010 Model Year onwards or Stormer Accessories Pack 2005-2009 Model Year.

For further information on Land Rover bikes please go to www.2x2worldwide.com.

Rear Access Ladder
AGP790020

Roof Rails and Crossbars*
VUB502130
Crossbars easily removed when not in use. Vehicle height when fitted 1,873mm at normal ride height. Load capacity 71.8kg.

Expedition Roof Rack*
CAB500130PMA
For vehicles with Roof Rails, Fitting Kit (VUB504230) is required. Load capacity 54.3kg.

Ski and Snowboard Carrier*
LR006849
Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Load capacity 36kg.

Aqua Sports Carrier*
LR006846
Carries one surfboard, kiteboard or sailboard and mast. Load capacity 45kg.

Luggage Carrier*
LR006848
Load capacity 62.6kg.

Luggage Box*
VPLDR0003
Opens from both sides. Lockable for security. External dimensions: 1,600mm long, 960mm wide, 410mm high. Volume 450 litres. Load capacity 54.8kg.

Sports Box*
VPLDR0002
Can be mounted on either side of the vehicle for kerbside opening in any country. Internal retention system for skis or other long loads. Lockable for security. External dimensions: 2,300mm long, 620mm wide, 390mm high. Volume 400 litres. Load capacity 56.3kg.

Lashing Eye Kit*
VUB503160
Six additional tie-down points for use with Crossbar T-slots.

Ratchet Strap
CAR500010
Tie strap for securing items to the Luggage Carrier or Expedition Roof Rack. 5 metres long, 20mm wide. Supplied individually.

*Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

Loadspace Rubber Mat
VPLSS0043
Waterproof with retaining lip and non-slip surface.

Rubber Mat Set
VPLSS0018

Stainless Steel Sill Tread Plates
LR006788 – Four piece kit
Stylish protection for both front and rear outer door sills.

Rigid Loadspace Protector
EBF500020
Non-slip surface. Not compatible with Cargo Barrier or Cargo Divider.

Premium Carpet Mat Set
Deep pile carpet mats with waterproof backing.
Ebony
(shown far left) – VPLSS0024PVJ
Nutmeg
(shown left) – VPLSS0024SVB
Ocean
(shown left) – VPLSS0024HFX

Stainless Steel Rear Bumper Tread Plate
LR007321
Provides protection to the upper surface of the rear bumper. Compatible with all models except vehicles fitted with Stormer Accessories Pack, 2005-2009 Model Year.

(not shown) – LR007322
Compatible with Stormer Accessories Pack 2005-2009 Model Year only.

Flexible Loadspace Protector
VPLSS0016
Heavy duty fabric protects loadspace up to window height. Covers full loadspace even with rear seats folded. Includes protective gloves.

Cargo Barrier
VUB502080
Easily removed, incorporates useful integral ski hatch. Complies with ECE regulation 17. Not compatible with Rigid Loadspace Protector.

Cargo Divider
EOH500140PMA
Separates pets from cargo. Must be fitted with Cargo Barrier. Not compatible with Rigid Loadspace Protector.

BABY-SAFE plus II infant carrier*
VPLMS0007
For babies 0-13kg (birth to approximately 12-15 months). Includes sun/wind canopy. Padded machine washable cover. Can be installed with the vehicle's three-point seat belt or the BABY-SAFE ISOFIX Base VPLMS0008 (shown below).

DUO plus Child Seat*
LR006637
For children 9-18kg (approximately 9 months – 4 years). One-pull, height-adjustable headrest and harness. Padded machine washable cover. Forward facing on rear seat. ISOFIX system anchors the seat directly to the car's ISOFIX connection points.

Waterproof Seat Covers†
Ebony Front Seat Pair – with DVD Headrest†
VPLSS0027PVJ
Front Seat Pair
(not shown) – VPLSS0026SVA
Rear Seat Set
(not shown) – VPLSS0028PVJ
Almond Front Seat Pair – with DVD Headrest
(not shown) – VPLSS0027SVA
Front Seat Pair
(not shown) – VPLSS0026SVA
Rear Seat Set
(not shown) – VPLSS0028SVA

BABY-SAFE ISOFIX Base
VPLMS0008

KID plus Child Seat*
LR004940
For children 15-36kg (approximately 4 – 12 years). Seat belt guides correctly position seat belt. Three adjustable width positions. Improved side impact protection. Padded machine washable cover.

Electric Cool Bag
VUP100140L
Powered by the 12 volt auxiliary socket. Thermostatically controlled temperature. Easy clean interior surfaces. Height 380mm, length 380mm, width 220mm. Volume 14 litres.

Load Retention Net
VUB503130
Utilises loadspace tie-down points. Includes floor net and two ratchet straps. Strap length approximately 2 metres.

Land Rover Watch Stolen Vehicle Tracking System

Land Rover Watch and Land Rover Trackstar are the pan-European vehicle tracking systems for Land Rover. They comply with Europe's highest insurance standards and are available in two formats: Standard and Advanced. The system constantly monitors the vehicle, so you can be assured protection is provided 24 hours a day, 7 days a week both in the UK and in European countries that have adopted the GSM mobile phone system.

Please see your Land Rover dealership for further details.

*Children are safer when correctly restrained in the rear of a vehicle. **Please Note:** All seat cover patterns and colours are periodically updated.
†Seat shown is Ebony Front with DVD Headrest.

Our plan for a sustainable future.

We take our responsibility to our planet very seriously, with an integrated and innovative approach for a sustainable business and lower carbon world. As a company we are committed to:

Reducing our dependency on fossil fuels and the production of man-made CO₂ emissions...

Using fewer resources and creating less waste...

Enthusiasing our employees and stakeholders for sustainable business development

At Land Rover we do this by investing in four key areas:

e_TERRAIN TECHNOLOGIES. EFFICIENT POWER SYSTEMS; LIGHTWEIGHT STRUCTURES, REDUCED EMISSIONS

A joint £800m investment into new technologies designed to reduce CO₂ emissions and improve fuel consumption. We are targeting a 25 percent reduction in joint fleet average tailpipe CO₂ emissions within the next five years. Beginning with an intelligent Stop/Start system on Freelander 2 diesel manual, followed by Intelligent Power Systems Management (IPSM) with Smart regenerative braking on all Discovery 4, Freelander 2 and Range Rover vehicles, to the announcement of our new compact Range Rover, e_TERRAIN TECHNOLOGIES form a fundamental part of our carbon management plan.

Freelander 2 eD4 models with intelligent Stop/Start now have 158g/km CO₂ emissions

SUSTAINABLE MANUFACTURING. USING FEWER RESOURCES AND CREATING LESS WASTE

World class manufacturing facilities, certified to ISO14001 since 1998. As a company we are targeting a 25 percent reduction in operating CO₂ emissions by 2012, 25 percent in waste to landfill and 10 percent in water consumption, based off 2007 levels. Going forward we are measuring our total operating carbon footprint and setting targets to reduce it; since 2006 this integrated approach has included the carbon offset of all manufacturing assembly CO₂ emissions from our Solihull and Halewood plants. But it doesn't stop there. Every new vehicle is designed to be 95 percent recoverable and reusable – with 85 percent that's recyclable and a further 10 percent that can be used to generate energy.

In 2009, we reduced our CO₂ emissions by 26,550 tonnes, water consumption by 192,000m³ and 1,300 tonnes to landfill

CO₂ OFFSETTING. INVESTING IN RENEWABLE ENERGY, TECHNOLOGY CHANGE AND ENERGY EFFICIENCY PROJECTS

For every tonne of CO₂ emitted during the manufacturing assembly of all our vehicles, Land Rover invests in carbon reduction projects that reduce an equivalent tonne of CO₂ elsewhere. In addition, we enable our customers to offset their first 45,000 miles/72,000 km of driving in their new vehicles. We do this in the UK as well as countries in Europe, the Middle East and Asia. Independently administered by ClimateCare and governed by a body of climate change experts, CO₂ offsetting allows us to take action now, to reduce our impact on the environment as part of our integrated carbon management plan.

Land Rover currently has 19 emissions reduction projects in our plan to offset approximately 2,500,000 tonnes of CO₂ by 2012...

Our customers in the Middle East have contributed over \$1,650,000 to this target since October 2008...

We have three Gold Standard projects in the portfolio: energy efficient stoves in Uganda and Ghana and wind generation in Aliaga Turkey

CONSERVATION AND HUMANITARIAN PARTNERSHIPS. WORKING PARTNERSHIPS FOR CONSERVATION & SOCIETIES GAIN

Our vehicles are designed for purpose, so are used by conservation and humanitarian organisations worldwide. Working with our five Global Conservation partners and the International Federation of Red Cross and Red Crescent Societies (IFRC), Land Rover is proud to support the important work of the Royal Geographical Society (with IBG), The Born Free Foundation, Earthwatch Institute, Biosphere Expeditions and the China Exploration and Research Society.

As part of our Sustainability policy Land Rover has actively promoted responsible off-road driving since 1990...

This year Land Rover launched a new three-year global initiative with the IFRC entitled 'Reaching Vulnerable People around the World' through which Land Rover aims to support IFRC's life saving work. To date Land Rover has given over £2.5m worth of support to IFRC, including vehicle donations and funds raised

LAND ROVER FINANCE Land Rover finance offers a wide range of competitive finance and insurance plans, developed exclusively for Land Rover owners and tailored to meet all your individual requirements*. With Land Rover Finance you are dealing with people who have a close working relationship with your local dealership and who are as passionate about Land Rover as you are. Your Land Rover dealership will match your personal or business requirements to the most appropriate finance plan, provide you with quotations and process your application.

WARRANTY Every new Land Rover supplied by Land Rover UK comes with a standard three year unlimited mileage warranty. Please apply to your dealership at the time of purchase for full details of the manufacturer's terms and conditions.

*Finance is subject to status and conditions. Available to over 18's in the UK only. Guarantees/indemnities may be required. Certain categories of business user may be excluded.

IMPORTANT NOTICE: This publication is intended for use in the United Kingdom and whilst Land Rover take the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Some vehicles are shown with accessories or optional equipment fitted.

All Land Rover Approved Accessories fitted by a Land Rover dealership within one month or 1,000 miles/1,600 kilometres (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover dealership who will be pleased to advise you on current specifications and any query you may have. Distributors and dealerships are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover dealership. Distributors and dealerships are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.
