

NOTHING BRIGHTENS MINDS BETTER THAN COMPAQ EDUCATION SOLUTIONS.

The Compaq commitment to education is rich, powerful and long-lasting, with complete education solutions designed around you. From end to

end, Compaq offers education products and programs that address the specific needs of the education community – from instruction to administration – for elementary through graduate schools. In fact, you'll find that building a seamless learning environment where students, teachers and administrators are all connected to the resources they need has become easier, more affordable and more manageable.

A Compaq education solution is more than a purchase; it's a partnership. To develop just the right solution for your educational mission, we'll continue to refine our product selections with new technologies and our software offerings with the latest titles. And we'll redefine educational technology with custom solutions that will meet your needs today and tomorrow.

We offer sensational education-specific Presario ES multimedia PCs, dynamic administrative PCs, full-featured notebooks for learning on the go, high-performance servers, innovative learning programs, customizable financing options, and personalized networking solutions. Find the mix that's right for you and you'll find easier, more stimulating ways to teach, learn and lead. It's an incredible formula, and it's only from Compaq.

OPTIONS AND ACCESSORIES

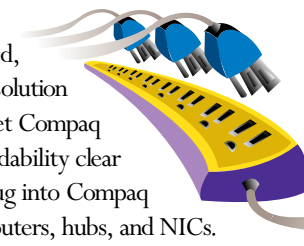

MONITORS

Compaq offers monitor solutions to meet a variety of users' needs — from spreadsheets to high-end graphics and 3D modeling. In the Compaq value line, the V50, V70 and V90 give schools a variety of features and prices they need. In the Compaq performance line, the P50, P70, P110 and P1610 deliver new levels of feature-rich power.

NETWORKING PRODUCTS

Compaq Netelligent networking products let you create a connected, flexible and dynamic networking solution for your learning environment. Get Compaq speed, quality, reliability and affordability clear across your network when you plug into Compaq Netelligent repeaters, switches, routers, hubs, and NICs.

MICROSOFT OFFICE OPTION

Compaq now offers Microsoft Office software at special National Education Pricing. This package can be installed on all Compaq PCs.

COMPAQ EDUCATION VIDEOPAQ

The Compaq Education VideoPaq allows students and teachers to easily integrate audio, video and still photography into reports and presentations. Create custom screensavers, calendars and cards; send images and video clips over the Internet; and create and edit digital movies. Turn your Compaq Presario 4230ES PC into a never-ending creative adventure. To order or for more information, contact your local CEP or call us direct at 1-800-88 TEACH.

LEARNINGPAQ SOFTWARE COLLECTION

Choose a PC from our Presario ES Series and select one of nine LearningPaq software bundles, customized by subject matter and grade level. Covering reading, math, creative writing, multimedia geography and more, our LearningPaq collection helps the learning

process with interactive lessons featuring amazing sight, sound and motion. And now, for Deskpro PCs, you can purchase an Education Multimedia Kit option with LearningPaq software that complements these powerful PC performers.

FINANCING

NATIONAL EDUCATION PRICING

Compaq offers every school or university National Education Pricing to help make sensational education technology available at a sensible price. Schools can purchase any combination of Compaq products at exclusive, affordable education prices. To check out the latest pricing, visit our Web site at www.compaq.com/education.

EDUFLEX FINANCING

Our flexible Compaq EduFlex financing program offers a choice of competitive long- and short-term financing options that cover the full range of Compaq computing solutions. Based on your school's specific financial and technological needs, a solution can be designed that's right for you. For more information, contact your local Certified Education Partner or call 1-800-EDUFLEX.

EDUCATOR PURCHASE PROGRAM

The Compaq Educator Purchase Program offers staff and faculty Compaq PCs for home use — easily and at an affordable price. Presentations, lesson plans, budgets, even surfing the Internet — it's all a breeze with any one of a variety of powerful,

multimedia desktop and notebook PCs. Find the PC that's the perfect solution to handle the tasks of your busy life. For more information, call direct at 1-800-836-0149, contact your local CEP, or visit our Web site at www.compaq.com/education.

PROGRAMS

COMPAQ CERTIFIED EDUCATION PARTNERS (CEPs)

CEPs are education specialists who provide expert advice and guidance to customize solutions for your specific educational technology needs — from installation through service and support. For the name of a CEP in your area, please call 1-800-88 TEACH.

WINDOWS SCHOOL CONNECTION

The Windows School Connection is an alliance between Compaq, Microsoft and more than 130 software publishers. This program helps educators stay up-to-date on Windows®-based solutions for schools — both K-12 and higher education. For more information or to order a free Windows School Connection Product Guide, call 1-800-555-4K12.

COMPAQ COMMUNICATION SERVER SOLUTIONS

Soon networked learning will connect easily with the world of the Web — without compromising security. Compaq Server Solutions deliver unparalleled simplicity and confidence through industry-standard (Novell or Microsoft) Web solutions, enabling educators to transform Internet technology into a safe instructional tool for the classroom. More details to come from Compaq Education Solutions.

COMPAQ CAMPUS RESELLERS (CCRs)

Compaq now offers mainstream technology to the college or university campus store through the Compaq Campus Reseller (CCR) program. To find out more about this exciting partnership program, call 281-514-7371 or send an E-mail to campus.reseller@compaq.com.

CONFIGURATION SERVICES

Upon request, Compaq provides configuration services for hardware options at no additional cost. This service is available for Compaq Education Contracts and requires that orders be submitted directly to Compaq. Add memory, cache, a modem, a NIC, a multimedia kit or a variety of other options. Products covered under this service include desktops, notebooks, workstations and select server products offered on the National Education Price List.

NOTEBOOK NETWORK

The new Compaq Notebook Network lets you define anytime, anywhere learning. Compaq can provide your school or university with a highly customized program — including end-to-end notebook solutions, financing and services — that provides universal access to technology for communication, collaboration and access to information.
